LIBRARY REPORT.

February 1, 1922—February 1, 1923.

The trustees of the Andover Town Library submit the following annual report.

The Andover Town Library has about 4,105 books, of which one-third are in the branch library at East Andover. The number of books circulated at Andover village is 1,553 and at East Andover 350. On account of sickness, the library work at West Andover had to be dropped, to be taken up again I hope soon. There is still no one at Potter Place to volunteer to look after the books, to see they are gotten, returned and circulated. Mrs. Graves and Mrs. Smith still get books for Taunton hill, although not as many as last year due to bad weather and sickness. The schools also have the privilege of sending to the library for any books that are wanted.

We wish to acknowledge a gift of forty books to the East Andover branch from friends.

VICTOR E. PHELPS, Treasurer.

Andover, N. H., July 3, 1922.

I have carefully examined the accounts of Victor E. Phelps, Treasurer of the School District of Andover, for the year ending June 30, 1922, and find them correctly cast and properly vouched for.

FRED E. PUTNEY, Auditor.

SUPERINTENDENT'S REPORT.

Andover, N. H., February 15, 1923.

To the School Board and Citizens of the Andover School District:

I present here my fourth annual report as superintendent of your schools. This report includes the roll of perfect attendance and the statistical table.

At the opening of last year we were able to retain all our teachers, and within the year only one change was necessary, Miss Gertrude Burnham of Grafton taking the Center Grammar school left vacant by the illness of Mrs. Grace Swett. This year Mrs. Lizzie Elkins was transferred from the East to the Center Grammar, and that vacancy was filled by Mr. Niels Norling, Jr., of Amesbury, Mass. Mr. Guy Walker succeeded Mrs. MacFarland at Flaghole, and Miss Ruby Carleton of Bradford, Vt., takes the Cilleyville school during the leave of absence of Mrs. Sanborn. The Dyer's Crossing was reopened in September with Miss Doris Huntoon as teacher. At the opening of the present term, Miss Hersey was granted a leave of absence from the East Andover primary, and Miss Cora Sargent of Danbury and Miss Celia Dean, a senior from Plymouth Normal School, have substituted there.

Bids were taken this year upon the several transportation routes, that seeming the fairest means of determining rates. Contracts were made with the men making the lowest bids. The number of children has been much smaller this year than last, because of the re-opening of the school at Dyer's.

Some needed improvements have been made in buildings. That at the Center was repainted in the summer, the former dark color being changed to white. A few pieces of new furniture were added to each room. The primary room here needs a re-arrangement and increase of light area and the floors in both these rooms should be refinished. At the East the roof was repaired and ten new seats and a teacher's desk were placed in

the primary room. The building at Dyer's Crossing was made sanitary; and new wall finish and several new windows were added, making an attractive and well-lighted room. At Cilleyville, the seating capacity was increased by purchasing six movable chair desks. At Flaghole, the stove was jacketed, making the ventilation much better. With the present enrollment of 15 pupils, this room, 15 by 17 feet in size, is over-crowded and difficult to ventilate adequately even with the jacketed stove.

The health work throughout this district has been under the direction of our efficient nurses, Miss Davis, and her successor, Miss Seiler. The nurse's report is given elsewhere. Many children suffering from adenoids, enlarged tonsils, and malnutrition, will do much better school work when these defects are remedied.

Standard tests have been given in all grades above the second, and the results have been valuable in determining the comparative standing of entire classes as well as of individual pupils, and to some extent the value of the teacher's work also. Promotions to the Academy are based largely upon these tests. We aim to attain a higher degree of fitness for all pupils before they leave the eighth grade, and although some who entered the Academy last September are not doing acceptable work, we feel that the standard is being gradually improved. The stiffening of the Academy requirements for eligibility to athletics has a stimulating influence among the would-be athletes of the eighth and seventh grades.

In the matter of no school days, Andover had the poorest record in our union last year, with 27 half days lost for holidays and other causes. Wilmot lost 22, New London and Grafton 21, and Danbury only nine. Commencement day at the Academy has been a no-school day throughout the town, in order that pupils from all the schools may attend commencement exercises. This seems a wholly desirable custom, but some of the regular holidays could probably be much better observed by having appropriate work in school than by having the schools closed. East Andover and Cilleyville lost three days last year, Flaghole two and the Center none, for

storms and bad roads. A no-school signal has been arranged to be sounded at the hame factory when in the judgment of the school board it seems best to have no school. It is not intended to use this except in extreme weather and it can affect only the village school. As there is no satisfactory means of making up lost time we shall attempt to increase our efficiency by losing less than in previous years.

The table of statistics includes for the purpose of comparison the totals for the previous two years. You will notice the slight increase in average membership and attendance. The Flaghole and Cilleyville attendance was noticeably high, and in none did it run low. It would have to be nearly perfect, or quite that, for the spring term to make up for the many absences during the severe winter. There is still need of greater punctuality and fewer absences for trivial reasons.

Much good work is being done in our schools this year, the health conditions are constantly improving, our buildings are in good repair, and we look forward to even greater advancement in the coming year.

Respectfully submitted,

IDELLA K. FARNUM,

Superintendent of Schools.
